### About Me:

My name is Nancy Berge, and I am a mother of three and grandmother of six. I have lived here in Eugene/Springfield most of my life. I love the beach, the trees, and the rain so I am glad to call the Pacific Northwest home. I have worked with the I/DD community for 30+ years, in classrooms and am a foster parent of 20+ years. Currently, I run a program through the Arc Lane County called Families Connected.

When I am not working, I enjoy time with my family, DIY projects and arts and crafts. I enjoy working with all types of art mediums and have many fun ideas to share. For this class, we will be making a Porch Sign craft to either take home, enjoy yourself, or give away as a holiday gift.
