## Covid-19 protocols that may be required for 2022

How do Covid protocols affect the Family & Friends Camp? It is all about the number of Covid cases and the possibility of new variants. That makes planning safe events difficult. If Camp gets canceled because of Covid concerns, as identified by the CDC or the Oregon Health Authority, all money will be refunded. Should Camp happen, it may look a bit different. Hopeful that you, my friends, will be well and be safe.

This year all campers and volunteers eligible for vaccinations *may be* required to have been vaccinated and produce your vaccination card when you arrive, or provide official results of a negative test completed within 3 days of arrival. We encourage all registrants to avoid unneeded contact with those outside your "pod" between the test and arriving at camp. Masks, individual hand sanitizers, and Covid nasal tests may be offered to all. Each arrival *may* also be given the temperature test when you arrive that you must pass in order to enter the camp.

Please register only if you are able to follow these expectations.

These Covid related requirements may change by camp time, so please be on the lookout for updates. We expect attendance will be limited to about 200 total volunteers, staff and guests, and we expect all to participate in keeping each other safe and healthy

Please check www.kindtree.org for updates! Or call 541-780-6950.
